All of your Personal Data that we collect may be transferred to a third party if we undergo a merger, acquisition, bankruptcy or other transaction in which that third party assumes control of our business (in whole or in part).

Data that is Not Personal Data

We may create aggregated, de-identified or anonymized data from the Personal Data we collect, including by removing information that makes the data personally identifiable to a particular user. We may use such aggregated, de-identified or anonymized data and disclose it to third parties for our lawful business purposes, including to analyze, build and improve the Services and promote our business, provided that we will not disclose such data in a manner that could identify you.

Tracking Tools, Advertising, and Opt-Out

The Services use cookies and similar technologies such as pixel tags, web beacons, clear GIFs and JavaScript (collectively, "Cookies") to enable our servers to recognize your web browser, tell us how and when you visit and use our Services, analyze trends, learn about our user base and operate and improve our Services. Cookies are small pieces of data– usually text files – placed on your computer, tablet, phone or similar device when you use that device to access our Services. We may also supplement the information we collect from you with information received from third parties, including third parties that have placed their own Cookies on your

device(s). Please note that because of our use of Cookies, the Services do not support "Do Not Track" requests sent from a browser at this time.

We use the following types of Cookies:

- Essential Cookies. Essential Cookies are required for providing you with features or services that you have requested. For example, certain Cookies enable you to log into secure areas of our Services. Disabling these Cookies may make certain features and services unavailable.
- Functional Cookies. Functional Cookies are used to record your choices and settings regarding our Services, maintain your preferences over time and recognize you when you return to our Services. These Cookies help us to personalize our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- Performance/Analytical Cookies. Performance/Analytical Cookies allow us to understand how visitors use our Services. They do this by collecting information about the number of visitors to the Services, what pages visitors view on our Services and how long visitors are viewing pages on the Services. Performance/Analytical Cookies also help us measure the performance of our advertising campaigns in order to help us improve our campaigns and the Services' content for those who engage with our advertising. For example, Google Inc. (“Google”) uses cookies in connection with its Google Analytics services. Google's ability to use and disclose information collected by Google Analytics about your visits to the Services is subject to the Google Analytics Terms of Use and the Google Privacy Policy. You have the option to opt-out of Google's use of Cookies by visiting the Google advertising opt-out page at www.google.com/privacy_ads.html or the Google Analytics Opt-out Browser Add-on at https://tools.google.com/dlpage/gaoptout/.
- Retargeting/Advertising Cookies. Retargeting/Advertising Cookies collect data about your online activity and identify your interests. We may utilize retargeting/advertising cookies to advertise our Services to you on third party websites. We will not show you third party advertisements on our website(s).

You can decide whether or not to accept Cookies through your internet browser's settings. Most browsers have an option for turning off the Cookie feature, which will prevent your browser from accepting new Cookies, as well as (depending on the sophistication of your browser software) allow you to decide on acceptance of each new Cookie in a variety of ways. You can also delete all Cookies that are already on your device. If you do this, however, you may have to manually adjust some preferences every time you visit our website and some of the Services and functionalities may not work.

To explore what Cookie settings are available to you or to modify your preferences with respect to Cookies, you can access your Cookie management settings by clicking the “Cookie Preferences” link at the bottom of our website. To find out more information about Cookies, including information about how to manage and delete Cookies, please visit http://www.allaboutcookies.org/.

Session Replay Technology

We may use session replay technology in order to identify and resolve customer issues, to monitor and analyze how you use our Services, to better understand user behavior, and to improve our Services. By continuing to use the Services, you consent to the use of session replay technology. If you would like to change your settings with respect to session replay technology, you can access your Cookie management settings by clicking the “Cookie Preferences” link at the bottom of our website.

Information about Interest-Based Advertisements

We may work with third-party ad networks, including third-party ad servers, ad agencies, ad technology vendors and research firms, to serve advertisements to you. These advertisements may be targeted to users who fit certain general profile categories or display certain preferences or behaviors (“Interest-Based Ads”). Information for Interest-Based Ads (including Personal Data) may be provided to us by you, or derived from the usage patterns of particular users on the Services and/or services of third parties. Such information may be gathered through tracking users’ activities across time and unaffiliated properties, including when you leave the Services. To

accomplish this, we or our service providers may deliver Cookies, including a file (known as a "web beacon") from an ad network to you through the Services. Web beacons allow ad networks to provide anonymized, aggregated auditing, research and reporting for us and for advertisers. Web beacons also enable ad networks to serve targeted advertisements to you when you visit other websites. Web beacons allow ad networks to view, edit or set their own Cookies on your browser, just as if you had requested a web page from their site.

Data Security

We seek to protect your Personal Data from unauthorized access, use and disclosure using appropriate physical, technical, organizational and administrative security measures based on the type of Personal Data and how we are processing that data. You should also help protect your data by appropriately selecting and protecting your password and/or other sign-on mechanism; limiting access to your computer or device and browser; and signing off after you have finished accessing your account. Although we work to protect the security of your account and other data that we hold in our records, please be aware that no method of transmitting data over the internet or storing data is completely secure.

Data Retention

We retain Personal Data about you for as long as necessary to provide you with our Services or to perform our business or commercial purposes for collecting your Personal Data. When establishing a retention period for specific categories of data, we consider who we collected the data from, our need for the Personal Data, why we collected the Personal Data, and the sensitivity of the Personal Data. In some cases we retain Personal Data for longer, if doing so is necessary to comply with our legal obligations, resolve disputes or collect fees owed, or is otherwise permitted or required by applicable law, rule or regulation. We may further retain information in an anonymous or aggregated form where that information would not identify you personally.

For example, we retain your profile information and credentials for as long as you have an account with us.

Personal Data of Children

As noted in the Terms of Use, we do not knowingly collect or solicit Personal Data about children under 18 years of age; if you are a child under the age of 18 please do not attempt to register for or otherwise use the Services or send us any Personal Data. If we learn we have collected Personal Data from a child under 18 years of age, we will delete that information as quickly as possible. If you believe that a child under 18 years of age may have provided Personal Data to us, please contact us at support@monarch.com.

Deleting Your Data
You can ask us to delete your Personal Data at any time, wherever you live. You do not need to be a resident of any particular state.

Close your account. You can delete your Monarch account in your account settings. This closes your account permanently and you will lose access to it. It does not erase every copy of your information from our systems.

Ask us to delete your Personal Data. Email us at support@monarch.com. We'll delete or de-identify the Personal Data we hold about you, with some exceptions the law allows, and we may keep some information as described in the "Data Retention" section of this policy. Deletion from backup and archived systems can take longer.
If we can't honor part of your request, we'll tell you which part and why.

If we are processing your Personal Data as a service provider, you should contact the entity that collected your Personal Data in the first instance to address your rights with respect to such data. Additionally, please note that these rights are subject to certain conditions and exceptions under applicable law, which may permit or require us to deny your request.

If there are any conflicts between this section and any other provision of this Privacy Policy, the portion that is more protective of Personal Data shall control to the extent of such conflict. If you have any questions about this section or whether any of the following rights apply to you, please contact us at support@monarch.com.

- *Access*. You may have the right to request confirmation of or access to the Personal Data that we process about you. You can also request access to a portable copy of your Personal Data. "Selling," "Sharing," or "Targeted Advertising"

As described in the "Tracking Tools, Advertising, and Opt-Out" section above, we have incorporated Cookies from certain third parties into our Services. Some of these Cookies may allow our Advertising Partners to receive your Device/IP Data and Web Analytics Data for targeted advertising purposes. We may also disclose your Profile Data or Consumer Demographic Data to Advertising Partners separate from Cookies for targeted advertising purposes. Depending on your state of residence, this may constitute "selling," "sharing," or "targeted advertising". You can opt from these activities by submitting a request through our Do Not Sell or Share My Personal Information form or by following the instructions in the "Exercising Your Rights under U.S. State Privacy Laws" section below.

Please note that we do not sell Personal Data for monetary consideration.

Processing of Sensitive Personal Data

As part of the Services, you have the option to upload (directly or by linking a financial account) Personal Data that may be deemed "sensitive" under certain U.S. State Privacy Laws ("Sensitive Personal Data"). Additionally, we may reach out to you to authorize us to collect your Sensitive Personal Data in connection with the Services. The categories of Sensitive Personal Data we collect and our purposes for collecting such Sensitive Personal Data are described in the 'Categories of Personal Data We Collect' section above.

Depending on your state of residence, you may either have the right to opt-in, the right to opt-out, or if you are a California resident, the right to limit our use of your Sensitive Personal Data to permitted purposes, by following the instructions in the "Exercising Your Rights under U.S. State Privacy Laws" section. If you are a California resident, please note our use and disclosure of Sensitive Personal Data are limited to the purposes set forth in section 7027(m) of the CCPA regulations, including: 1) performing the services or providing the goods reasonably expected, 2) preventing, detecting, and investigating security incidents, 3) resisting malicious, deceptive, fraudulent, or illegal actions, 4) performing services on behalf of the business, 5) verifying or maintaining quality or safety of a product or service, and 6) collecting or processing Sensitive Personal Information but not for the purpose of inferring characteristics. Therefore, we do not offer a way for you to submit such a request.

Anti-Discrimination

We will not discriminate against you for exercising your rights under applicable U.S. State Privacy Laws. We will not deny you our goods or services, charge you different prices or rates, or provide you a lower quality of goods and services if you exercise your rights under applicable U.S. State Privacy Laws. However, we may offer different tiers of our Services as allowed by applicable U.S. State Privacy Laws with varying prices, rates or levels of quality of the goods or services you receive related to the value of Personal Data that we receive from you.

Our Financial Incentive Program

We offer our customers a referral program (which you can find more information on here) (the "Referral Program") that provides certain rewards or incentives. From time to time, we may also provide other programs such as contests, discounted rates, or other similar promotional campaigns (collectively, the Programs"). When you sign up for one of these Programs, you may be asked to provide certain Personal Data such as your name and email address, and for our Referral Program, also the name contact information of your Referee. Because our Programs involve the collection of Personal Data and offering of certain benefits, they may be interpreted as a "financial incentive" program under the CCPA. The value of your Personal Data to us is related to the value of the rewards, incentives, or other benefits that you obtain or that are provided as part of the applicable Program, less the expense related to offering those products, services, and benefits to Program participants.

You can withdraw from participating in a Program at any time by contacting us at support@monarch.com.

Other State-Specific Privacy Rights

Under California Civil Code Sections 1798.83-1798.84, California residents are entitled to contact us to prevent disclosure of Personal Data to third parties for such third parties' direct marketing purposes; in order to submit such a request, please contact us at support@monarch.com.

If you are a resident of Nevada, you have the right to opt-out of the sale of certain Personal Data to third parties. Please note that we do not currently sell your Personal Data as sales are defined in Nevada Revised Statutes Chapter 603A.

Exercising Your Rights under U.S. State Privacy Laws

To exercise the rights described above, you or your Authorized Agent (if applicable and as defined below) must send us a request that (1) provides sufficient information to allow us to verify that you are the person about whom we have collected Personal Data, and (2) describes your request in sufficient detail to allow us to understand, evaluate and respond to it. Each request that meets both of these criteria will be considered a "Valid Request." We may not respond to requests that do not meet these criteria.

We will work to respond to your Valid Request within the time period required by applicable privacy laws. We will not charge you a fee for making a Valid Request unless your Valid Request(s) is excessive, repetitive or manifestly unfounded. If we determine that your Valid Request warrants a fee, we will notify you of the fee and explain that decision before completing such Valid Request.

Opt-Out of Sale, Share, and/or Targeted Advertising

As applicable, you may opt-out from any "sales," "shares," or targeted advertising by using the following methods:

- By submitting an opt-out request through our "Do Not Sell or Share My Personal Information" form, available here;
- By implementing the Global Privacy Control or similar universal privacy control that is legally recognized by a government agency or industry standard and that complies with the CCPA. The signal issued by the

control must be initiated by your browser and applies to the specific device and browser you use at the time you cast the signal. Please note this does not include Do Not Track signals.

You may withdraw your consent or opt-out from our processing of your Sensitive Personal Data depending on the applicable US Privacy State Laws. You can do so by using the following methods:

- Submit the form found at: https://help.monarch.com/hc/en-us/requests/new.

If you are a California, Colorado, Connecticut, Delaware, Maryland, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, Oregon, or Texas resident, you may also authorize an agent (an "Authorized Agent") to exercise your rights on your behalf. To do this, you must provide your Authorized Agent with written permission to exercise your rights on your behalf, and we may request a copy of this written permission from your Authorized Agent when they make a Valid Request on your behalf.

If you are a Colorado, Connecticut, Delaware, Iowa, Maryland, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, Oregon, Tennessee, Texas, or Virginia resident and we refuse to take action on your Valid Request within a reasonable period of time after receipt in accordance with this section, you may appeal our decision. In such appeal, you must (1) provide sufficient information to allow us to verify that you are the person about whom the original Valid Request pertains and to identify the original Valid Request, and (2) provide a description of the basis of your appeal. Please note that your appeal will be subject to your rights and obligations afforded to you under the State Privacy Laws (as applicable). We will respond to your appeal within the time period required under the applicable law. You can submit a Valid Request to appeal by the following methods:

- Submit the form found at: https://help.monarch.com/hc/en-us/requests/new.
